

STORMFIGHTER FLEX[®]

POLYMER MODIFIED SHINGLES

TAMKO[®]

Shown in *Black Walnut*

Designed for Performance

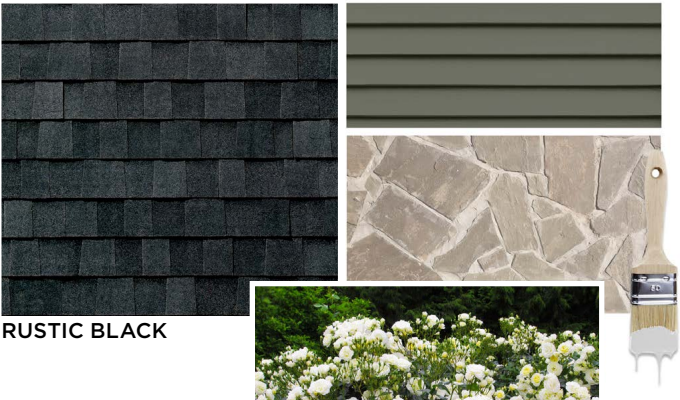

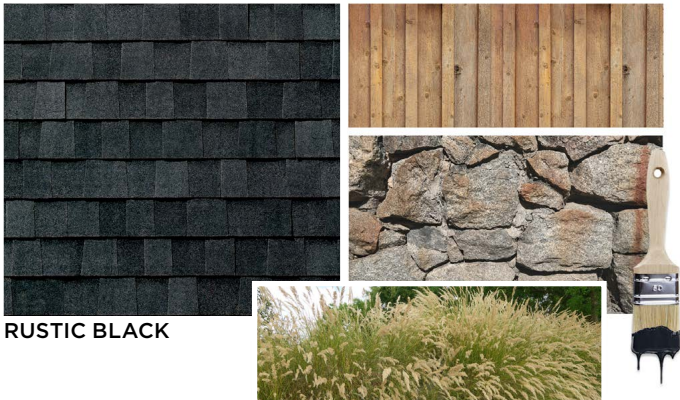

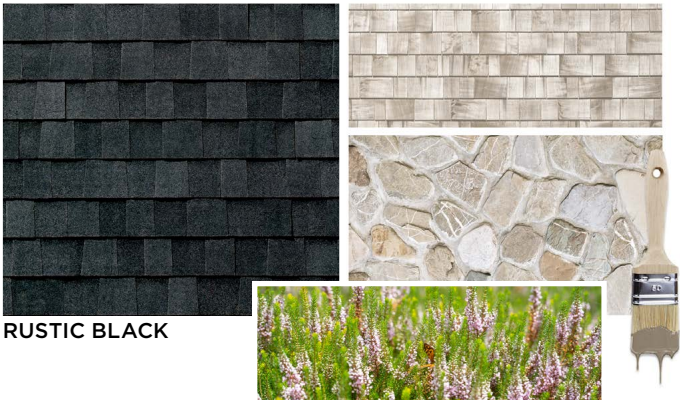

The best all-weather shingle in the industry is Built Different with Better Asphalt, Better Polymers, and Better Additives to deliver next-level performance. Engineered to help protect your home year-round.

Design Inspiration

Rustic Black:

Rustic Black creates a bold foundation with its deep black base and dark grey highlights. Inspired by heirloom cast iron, this shade is designed to complement dramatic contrasts and rustic elegance.

3 Tips for Matching Your Shingles to Your Home

1. *Be Inspired by Natural Surroundings*

Rustic Slate blends seamlessly when nestled in the woods, but a StormFighter FLEX® shingle in Rustic Cedar might be the perfect choice for a coastal retreat.

2. *Consider Your Home's Style*

Modern homes pair well with sleek tones like Rustic Black, while traditional homes shine with timeless hues like Oxford Grey.

3. *Test in Natural Light*

View StormFighter FLEX® colors, like Olde English Pewter or Rustic Black, against your home in different lighting to ensure the perfect match.

*Brie Stewart, Owner,

TECHNOLOGY**

More Home Value

Proprietary granule blends and advanced color techniques deliver rich, vibrant colors with natural shadowing for stunning curb appeal.

**LIMITED
LIFETIME
WARRANTY****

*Limited Lifetime
Protection*

Supported by TAMKO's most comprehensive limited lifetime warranties, ensuring durability and peace of mind for years to come.

* Please consult TAMKO's Limited Warranty and Application Instructions for requirements.

† 160 MPH wind warranty requires TAMKO® starter and TAMKO® hip & ridge. See TAMKO's full High Wind Application Instructions for all requirements and restrictions.

‡ StormFighter FLEX® shingles are classified by UL for compliance with UL 2218 Class 4 impact resistance. UL 2218 testing utilizes a dropped steel ball which may not correlate with real world rooftop experience with the impact of storm driven hail or other objects.

** Limited Lifetime only applies to single-family structures. See TAMKO's Limited Warranty for complete details.

Built Strong, Designed for All Conditions.

*Introducing TriShield™ with
AnchorLock™ and ForceFX®*

StormFighter FLEX® isn't just another polymer-modified shingle—it's Built Different with Better Asphalt, Better Polymers, and Better Additives to deliver next-level performance. Powered by TAMKO's proprietary **ForceFX®** and **AnchorLock™** technologies, it delivers a Class 4 impact rated* shingle with enhanced flexibility and wind resistance that is ready to roof when you are.

SEALANT GRIPS STRONG:

Next-generation sealant technology engineered for exceptional strength — resisting high-temperature compression while forming a powerful bond that grips strong even in freezing temperatures!

GRANULES HOLD FIRM:

Our advanced asphalt technology, featuring proprietary additive blends and premium material sourcing, delivers superior granule adhesion — ensuring long-lasting protection even in the most extreme conditions.

POLYMER TECHNOLOGY AMPLIFIES:

Our proprietary ForceFX® polymer technology takes the advanced performance of TriShield™ and AnchorLock™ to the next level — enhancing durability, creating a Class 4+ impact rating, and enabling cold weather performance when others can't.

REINFORCEMENT SECURES THE SYSTEM:

Engineered with proprietary, cutting-edge technology to create a reinforced system— our AnchorLock™ technology helps ensure your shingle stays firmly in place, even against winds up to 160 mph*.

LAMINATE MAINTAINS INTEGRITY:

Innovative laminate technology engineered to lock the shingle system together regardless of high summer temperatures or steep roof conditions.

* 160 MPH wind warranty requires TAMKO® starter and TAMKO® hip & ridge.
See TAMKO's full High Wind Application Instructions for all requirements and restrictions.
† StormFighter FLEX® shingles are classified by UL for compliance with UL 2218 Class 4 impact resistance. UL 2218 testing utilizes a dropped steel ball which may not correlate with real world rooftop experience with the impact of storm driven hail or other objects.

Built to Take the Hit

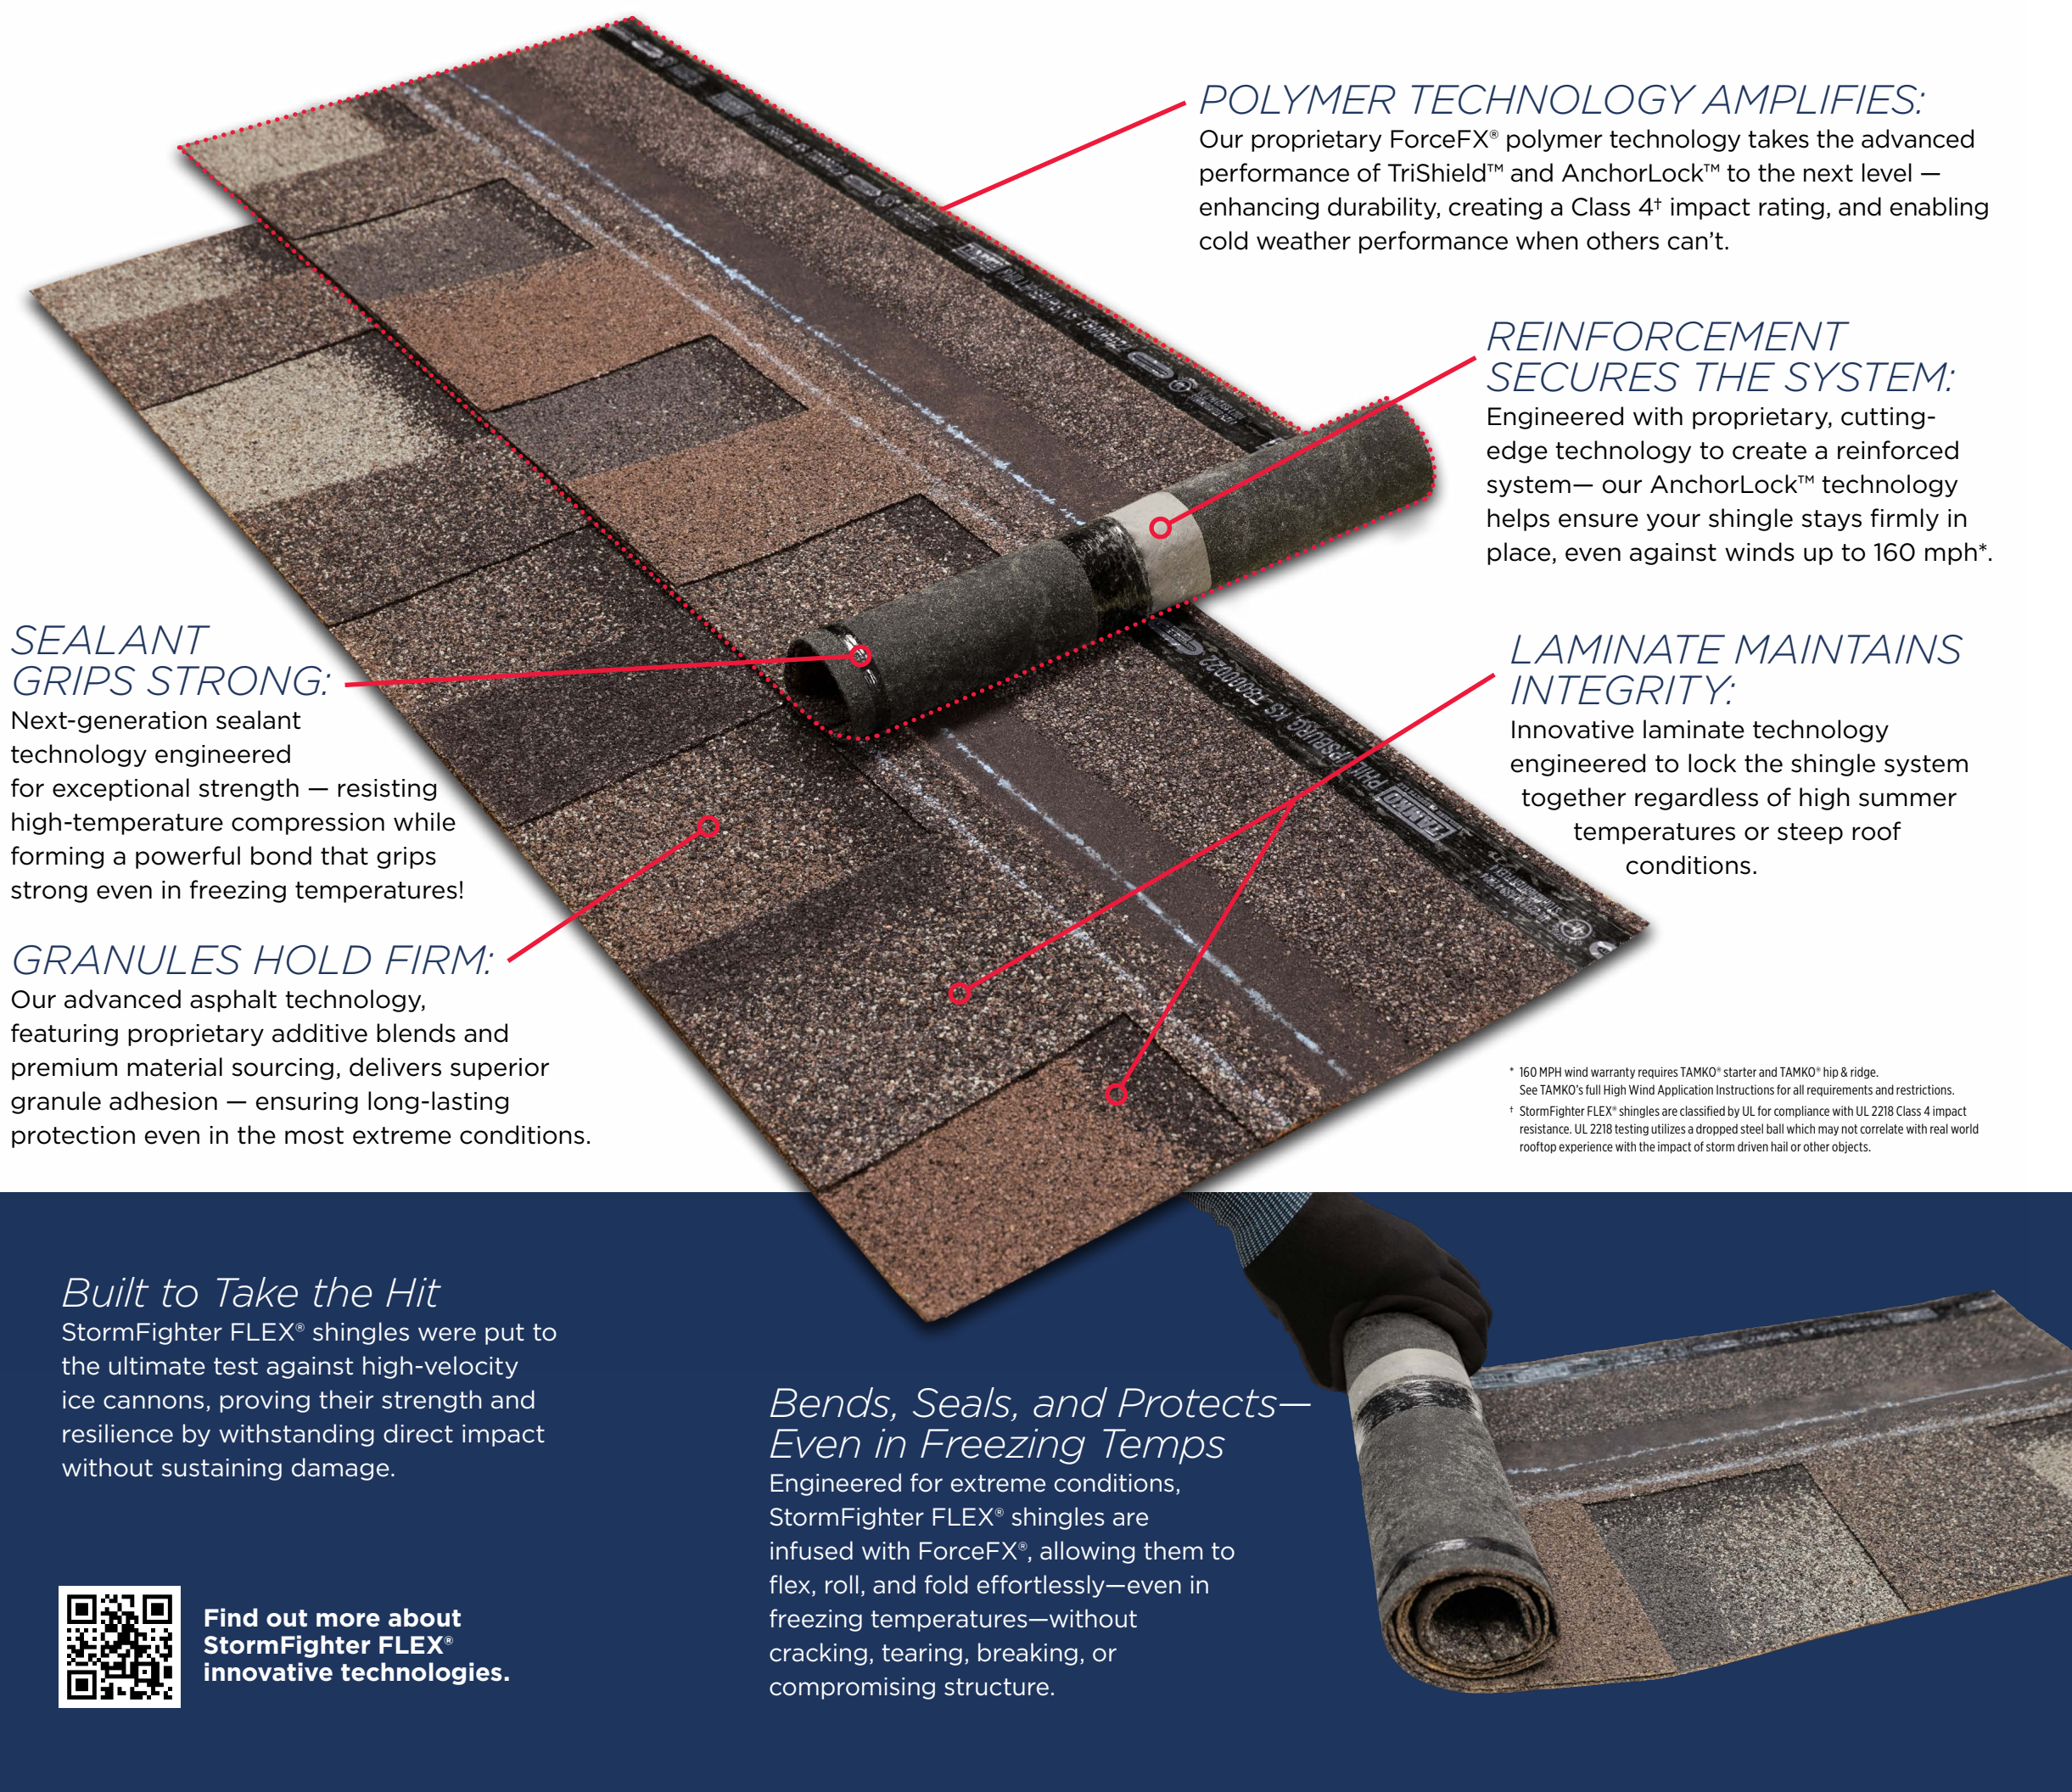

StormFighter FLEX® shingles were put to the ultimate test against high-velocity ice cannons, proving their strength and resilience by withstanding direct impact without sustaining damage.

Prior to making your final color selection, TAMKO recommends viewing an actual roof installation. See tamko.com/colorselection for complete details.

Certain colors and products may not be available in your area. Information included in this item was current at the time of printing. To obtain a copy of the most current version of this item, visit us online at tamko.com or call us at 1-800-641-4691.

SHINGLES BEGIN TO AGE AS SOON AS THEY ARE EXPOSED TO NATURE. BUILDINGS EXPERIENCE AGING FACTORS DIFFERENTLY, SO IT IS DIFFICULT TO PREDICT HOW LONG SHINGLES WILL LAST. TAMKO PROVIDES A LIMITED WARRANTY FOR MANY PRODUCTS, THAT INCLUDES A BINDING ARBITRATION CLAUSE AND OTHER TERMS AND CONDITIONS WHICH ARE INCORPORATED HEREIN BY REFERENCE. YOU MAY OBTAIN A COPY OF THE LIMITED WARRANTY AT [TAMKO.COM](https://tamko.com) OR BY CALLING 1-800-641-4691.

[†]STORMFIGHTER FLEX® SHINGLES ARE CLASSIFIED BY UL FOR COMPLIANCE WITH UL 2218 CLASS 4 IMPACT RESISTANCE. UL 2218 TESTING UTILIZES A DROPPED STEEL BALL WHICH MAY NOT CORRELATE WITH REAL WORLD ROOFTOP EXPERIENCE WITH THE IMPACT OF STORM DRIVEN HAIL OR OTHER OBJECTS.
