

TECHNICAL NOTICE

August 28, 2019

HUBER ENGINEERED WOODS ZIP SYSTEM® ROOF SHEATHING USED WITH TAMKO METALWORKS® STEEL SHINGLES*

TAMKO Building Products LLC (“TAMKO”) will warrant, under its Limited Warranty, MetalWorks Steel Shingles when properly installed over Huber Engineered Woods ZIP System® Roof Sheathing (as configured and manufactured as of the date of this notice). The sheathing must be applied in accordance with the requirements of Huber Engineered Woods. MetalWorks shingles must be installed in accordance with the MetalWorks *Steel Shingle Installation Guide*, including requirements related to underlayment.

Compliance with building code requirements is the responsibility of the building owner, roof system design professional, and contractor. Underwriters Laboratories fire classification requirements for TAMKO MetalWorks Steel Shingles must be considered. These requirements can be located by searching the certifications directory at ul.com or by contacting TAMKO.

TAMKO shall not be responsible for deficiencies or movement in the roof deck and/or improper application of the roof sheathing. This document is not intended nor should it be construed to modify or alter the terms of TAMKO’s *MetalWorks Steel Shingles 50-Year Limited Warranty and Arbitration Agreement*.

Additional information about TAMKO products is available at tamko.com.

* To obtain the current version of this Technical Notice and the most recent limited warranty, visit TAMKO’s website at tamko.com. TAMKO reserves the right to update, remove, or otherwise modify any Technical Notice. If a previous Technical Notice currently is not listed at tamko.com then it is no longer valid and should not be referenced or relied upon for any reason.
